

# APK Analysis Report

Package Name: com.apkpure.aegon

Version Code: 3194527

Version Name: 3.19.45

## App Description:

## Permissions:

**android.permission.ACCESS\_WIFI\_STATE:** No description available  
**com.huawei.android.launcher.permission.CHANGE\_BADGE:** No description available  
**android.permission.WAKE\_LOCK:** No description available  
**android.permission.CAMERA:** Allows the app to access the device's camera.  
**com.apkpure.aegon.permission.PUSH\_PROVIDER:** No description available  
**android.permission.REQUEST\_INSTALL\_PACKAGES:** No description available  
**android.permission.SCHEDULE\_EXACT\_ALARM:** No description available  
**com.google.android.finsky.permission.BIND\_GET\_INSTALL\_REFERRER\_SERVICE:** No description available  
**android.permission.BROADCAST\_STICKY:** No description available  
**android.permission.BIND\_ACCESSIBILITY\_SERVICE:** No description available  
**com.vivo.notification.permission.BADGE\_ICON:** No description available  
**android.permission.RECEIVE\_BOOT\_COMPLETED:** No description available  
**android.permission.MOUNT\_UNMOUNT\_FILESYSTEMS:** No description available  
**android.permission.REQUEST\_DELETE\_PACKAGES:** No description available  
**android.permission.READ\_PHONE\_STATE:** No description available  
**android.permission.INSTALL\_PACKAGES:** No description available  
**android.permission.READ\_EXTERNAL\_STORAGE:** No description available  
**android.permission.READ\_PRIVILEGED\_PHONE\_STATE:** No description available  
**com.android.launcher.permission.INSTALL\_SHORTCUT:** No description available  
**android.permission.WRITE\_EXTERNAL\_STORAGE:** No description available  
**android.permission.ACCESS\_COARSE\_LOCATION:** No description available  
**android.permission.DELETE\_PACKAGES:** No description available  
**android.permission.EXPAND\_STATUS\_BAR:** No description available  
**android.permission.REORDER\_TASKS:** No description available  
**com.google.android.gms.permission.AD\_ID:** No description available  
**android.permission.CHANGE\_NETWORK\_STATE:** No description available  
**android.permission.GET\_PACKAGE\_SIZE:** No description available  
**android.permission.FOREGROUND\_SERVICE:** No description available  
**com.tencent.assistant.permission.A\_PERMISSION:** No description available  
**android.permission.CHANGE\_WIFI\_STATE:** No description available  
**oppo.permission.OPPO\_COMPONENT\_SAFE:** No description available  
**android.permission.INTERNET:** Allows the app to access the internet.  
**android.permission.ACCESS\_NETWORK\_STATE:** Allows the app to access information about networks.  
**com.android.launcher.permission.UNINSTALL\_SHORTCUT:** No description available  
**com.apkpure.aegon.permission.PROCESS\_PUSH\_MSG:** No description available  
**android.permission.USE\_FULL\_SCREEN\_INTENT:** No description available  
**com.google.android.c2dm.permission.RECEIVE:** No description available  
**android.permission.GET\_INTENT\_SENDER\_INTENT:** No description available  
**android.permission.ACCESS\_FINE\_LOCATION:** No description available

## Activities:

**com.apkpure.aegon.ads.apkpure.MarketAdActivity:** No description available  
**com.apkpure.aegon.main.activity.SplashActivity:** No description available  
**com.apkpure.aegon.cms.activity.CmsTabActivity:** No description available  
**com.apkpure.aegon.main.activity.FrameActivity:** No description available  
**com.apkpure.aegon.cms.activity.SearchActivity:** No description available  
**com.apkpure.aegon.main.activity.AppManagerActivity:** No description available  
**com.apkpure.aegon.main.activity.AppMoreActivity:** No description available  
**com.apkpure.aegon.person.activity.SettingsActivity:** No description available  
**com.apkpure.aegon.post.activity.SubmitChildCommentActivity:** No description available  
**com.apkpure.aegon.app.activity.ManagerActivity:** No description available  
**com.apkpure.aegon.main.activity.MainTabActivity:** No description available  
**com.apkpure.aegon.person.activity.MessageActivity:** No description available  
**com.apkpure.aegon.cms.activity.CommonActivity:** No description available  
**com.apkpure.aegon.person.activity.FavouriteActivity:** No description available  
**com.apkpure.aegon.cms.activity.MyCommentActivity:** No description available  
**com.apkpure.aegon.person.activity.TopSelectActivity:** No description available  
**com.apkpure.aegon.app.activity.AppDetailActivity:** No description available  
**com.apkpure.aegon.v2.app.detail.AppDetailV2Activity:** No description available  
**com.apkpure.aegon.v2.app.reviews.AppReviewsActivity:** No description available  
**com.apkpure.aegon.app.activity.UserDetailActivity:** No description available  
**com.apkpure.aegon.person.activity.UserFocusActivity:** No description available  
**com.apkpure.aegon.cms.activity.TopicListActivity:** No description available  
**com.apkpure.aegon.app.activity.AppTagListActivity:** No description available  
**com.apkpure.aegon.app.activity.AddAppTagActivity:** No description available  
**com.apkpure.aegon.app.activity.AddTagAgoActivity:** No description available  
**com.apkpure.aegon.cms.activity.PreRegisterActivity:** No description available  
**com.apkpure.aegon.app.activity.CommonSingleActivity:** No description available  
**com.facebook.CustomTabActivity:** No description available  
**com.apkpure.aegon.person.activity.Login2Activity:** No description available  
**com.apkpure.aegon.person.activity.LoginActivity:** No description available  
**com.apkpure.aegon.person.activity.LoginEmailActivity:** No description available  
**com.apkpure.aegon.person.activity.LoginReadyActivity:** No description available  
**com.apkpure.aegon.person.activity.LoginNowActivity:** No description available  
**com.yalantis.ucrop.UCropActivity:** No description available  
**com.apkpure.aegon.app.activity.ApkListActivity:** No description available  
**com.apkpure.aegon.cms.activity.SpecialCommentActivity:** No description available  
**com.apkpure.aegon.person.activity.AtUserActivity:** No description available  
**com.apkpure.aegon.cms.activity.SearchHashtagActivity:** No description available  
**com.apkpure.aegon.person.activity.UserInfoEditActivity:** No description available  
**com.apkpure.aegon.person.activity.UserHomeActivity:** No description available  
**com.apkpure.aegon.cms.activity.PictureBrowseActivity:** No description available  
**com.apkpure.aegon.cms.activity.CommentSecondActivity:** No description available  
**com.apkpure.aegon.cms.activity.CommentThirdActivity:** No description available  
**com.apkpure.aegon.cms.activity.HashtagDetailActivity:** No description available  
**com.apkpure.aegon.post.activity.SubmitCommentV2Activity:** No description available  
**com.apkpure.aegon.cms.activity.CommentDraftActivity:** No description available  
**com.apkpure.aegon.cms.activity.CommonWebViewActivity:** No description available  
**com.apkpure.aegon.main.activity.ContainerFragmentActivity:** No description available  
**com.apkpure.aegon.main.activity.CaptchaWebViewActivity:** No description available  
**com.apkpure.aegon.person.activity.InnerFeedBackActivity:** No description available  
**com.apkpure.aegon.person.activity.DeviceInfoActivity:** No description available

**com.apkpure.aegon.garbage.activity.GarbageCleanActivity:** No description available  
**com.apkpure.components.xinstaller.XInstallerActivity:** No description available  
**com.apkpure.aegon.oneopti.OneClickOptiActivity:** No description available  
**com.apkpure.aegon.chat.ChatActivity:** No description available  
**com.apkpure.aegon.app.activity.OperationToolsActivity:** No description available  
**com.tencent.qqlive.module.videoreport.scheme.SchemeRouterActivity:** No description available  
**com.apkpure.aegon.minigames.GameDetailWebViewActivity:** No description available  
**com.apkpure.aegon.plugin.runtime.PluginDefaultProxyActivity:** No description available  
**com.apkpure.aegon.plugin.runtime.PluginSingleInstance1ProxyActivity:** No description available  
**com.apkpure.aegon.plugin.runtime.PluginSingleTask1ProxyActivity:** No description available  
**com.apkpure.components.xinstaller.RestartActivity:** No description available  
**com.apkpure.aegon.exploration.ExplorationActivity:** No description available  
**com.huawei.hms.support.api.push.TransActivity:** No description available  
**com.apkpure.pop.QDNSActivity:** No description available  
**com.just.agentweb.ActionActivity:** No description available  
**com.luck.picture.lib.PictureSelectorActivity:** No description available  
**com.luck.picture.lib.PicturePreviewActivity:** No description available  
**com.luck.picture.lib.PictureVideoPlayActivity:** No description available  
**com.luck.picture.lib.PictureExternalPreviewActivity:** No description available  
**com.yalantis.ucrop.PictureMultiCuttingActivity:** No description available  
**com.luck.picture.lib.PicturePlayAudioActivity:** No description available  
**com.apkmatrix.components.clientupdatev2.UpdateDialogActivity:** No description available  
**com.apkmatrix.components.clientupdate.UpdateDialogActivity:** No description available  
**com.vungle.warren.ui.VungleActivity:** No description available  
**com.google.android.gms.tagmanager.TagManagerPreviewActivity:** No description available  
**com.google.android.gms.common.api.GoogleApiActivity:** No description available  
**com.apkpure.components.xinstaller.permission.StorePermissionActivity:** No description available  
**com.apkpure.components.xinstaller.permission.InstallPermissionActivity:** No description available  
**com.apkpure.components.xinstaller.receiver.SystemInstallReceiverActivity:** No description available  
**com.apkpure.components.xinstaller.receiver.SessionInstallReceiverActivity:** No description available  
**com.apkpure.components.xinstaller.receiver.UnInstallReceiverActivity:** No description available  
**com.apkpure.components.xinstaller.ui.TestInstallActivity:** No description available  
**com.san.mads.webview.WebViewActivity:** No description available  
**com.san.common.offline.OfflineNetGuideActivity:** No description available  
**com.san.mads.FullScreenActivity:** No description available  
**com.san.mads.mraid.MraidVideoPlayerActivity:** No description available  
**com.san.mads.splash.SplashAdActivity:** No description available  
**com.san.core.CommonStartOpenActivity:** No description available  
**com.san.core.CommonProtectActivity:** No description available  
**com.san.az.AdAppOperator:** No description available  
**com.san.proaz.OutProAzOperatorActivity:** No description available  
**com.san.proaz.OutProAzImproveActivity:** No description available  
**com.san.proactive.OutProActiveOperatorActivity:** No description available  
**com.san.proactive.OutProActiveImproveActivity:** No description available  
**com.san.landingpage.AdLandingPageActivity:** No description available  
**en.hance.launchsdk.launch.TaskActivity:** No description available

## Descriptions from Manifest:

## App Broadcast Receivers:

**com.apkpure.aegon.application.RealApplicationLike\$FTNetworkReceiver:** No description available  
**com.apkpure.aegon.app.event.SystemBootEvent\$Receiver:** No description available  
**com.apkpure.aegon.app.event.SystemPackageEvent\$Receiver:** No description available  
**com.apkpure.aegon.person.event.NotificationEvent:** No description available  
**com.apkpure.aegon.event.receiver.PowerConnectionReceiver:** No description available  
**com.apkpure.aegon.event.receiver.BatteryLevelReceiver:** No description available  
**com.google.android.gms.analytics.CampaignTrackingReceiver:** No description available  
**com.apkpure.aegon.services.notify.DownloadNotificationReceiver:** No description available  
**com.apkpure.aegon.push.reserve.ReservePushReceiver:** No description available  
**com.huawei.hms.support.api.push.PushMsgReceiver:** No description available  
**com.huawei.hms.support.api.push.HwHostPushReceiver:** No description available  
**com.apkpure.assistant.syscomponent3.MediaButtonReceiver:** No description available  
**com.google.android.gms.measurement.AppMeasurementReceiver:** No description available  
**com.google.firebase.iid.FirebaseInstanceIdReceiver:** No description available  
**san.c.removeDownloadListener:** No description available  
**com.san.proaz.addDownloadListener:** No description available  
**san.d.removeDownloadListener:** No description available  
**androidx.work.impl.utils.ForceStopRunnable\$BroadcastReceiver:** No description available  
**androidx.work.impl.background.systemalarm.ConstraintProxy\$BatteryChargingProxy:** No description available  
**androidx.work.impl.background.systemalarm.ConstraintProxy\$BatteryNotLowProxy:** No description available  
**androidx.work.impl.background.systemalarm.ConstraintProxy\$StorageNotLowProxy:** No description available  
**androidx.work.impl.background.systemalarm.ConstraintProxy\$NetworkStateProxy:** No description available  
**androidx.work.impl.background.systemalarm.RescheduleReceiver:** No description available  
**androidx.work.impl.background.systemalarm.ConstraintProxyUpdateReceiver:** No description available  
**androidx.work.impl.diagnostics.DiagnosticsReceiver:** No description available  
**com.google.android.datatransport.runtime.scheduling.jobscheduling.AlarmManagerSchedulerBroadcastReceiver:** No description available

## App Content Providers:

**androidx.core.content.FileProvider:** No description available  
**com.apkpure.assistant.syscomponent.ContactsProvider:** No description available  
**com.apkpure.assistant.syscomponent.AppInfoProvider:** No description available  
**com.apkpure.assistant.syscomponent2.SamsungCommandProvider:** No description available  
**com.apkpure.assistant.syscomponent2.VivoVoiceDemoProvider:** No description available  
**com.apkpure.assistant.syscomponent.DocumentsProvider:** No description available  
**com.apkpure.assistant.syscomponent3.TgpaFileProvider:** No description available  
**com.apkpure.assistant.syscomponent3.MomoSdkSupportProvider:** No description available  
**com.apkmatrix.components.downloader.utils.DownloaderFileProvider:** No description available  
**com.just.agentweb.AgentWebFileProvider:** No description available  
**com.tencent.qqlive.module.videoreport.provider.DTMainProcessContentProvider:** No description available  
**com.luck.picture.lib.PictureFileProvider:** No description available  
**com.liulishuo.okdownload.OkDownloadProvider:** No description available  
**com.vungle.warren.utility.VungleProvider:** No description available

**com.google.firebase.provider.FirebaseInitProvider:** No description available

## **Security Analysis:**

Security analysis failed. MobSF returned status code 401
